It may be the end of an era here in Rochester, NY, but Mariah and Kaver will never be forgotten. Their legacy lives on through their many offspring and in the memories of their faithful fans! What better way to remember our dynamic duo than to own these beautiful items, which include two wonderful collages. We've put together a collage showing our favorite M&K moments and another that contains all the M&K Kids, all 29 of them! Also, included at each level is a gift bag of very special M&M's with M&K on them! They melt in your mouth, not in your big yellow feet! ☺
